## LE025T

Working height:  
25.00 m

Lateral reach:  
12.50 m

Machine width:  
1.78 m

Machine height:  
1.98 m

Weight:  
2,980 kg

- Compact design, travels through a 1,80 m wide double door
- Light, low surface load for use on sensitive flooring
- Smooth, proportional electro-hydraulic controls
- Reliable and comprehensive safety control system
- Hydrostatic platform leveling
- Automatic, multi-position & self leveling outriggers
- Height- and width adjustable tracks
- Dual Power (Diesel and A/C electric) for indoor and outdoor use

### Compact tracked boom lift - LE025T

Accessing jobsites at height safely and efficiently often poses unsolvable challenges to building managers. Narrow entrances, confined work areas and floor load restrictions can make the use of standard aerial lifts impossible.

With the LEO Series<sup>®</sup>, Teupen offers the original tracked aerial lift in a complete range for demanding indoor and rugged outdoor applications from 13 to outstanding 50 metres working height.

**LEO**SERIES

# LE25T

For easy transport the LE25T is easily towed on standard trailer. Customized trailers are also available.

The mechanically height- and width adjustable track chassis provides more ground clearance and makes the lift more versatile for ultimate performance in rough terrain.

In the robust stabilisers several safety systems constantly monitor all setup functions and the ground pressure directly in the stabiliser plate.

The LE25T features a 180° rotatable basket for more versatility when positioning the basket into tight spots, working alongside facades or in trees.

## Top features:

- Compact** – Fits through a 1,80 m wide double door
- Light** – Low ground pressure to protect sensitive surfaces
- Versatile** – Highest maneuverability on white rubber tracks
- Easy** – Automatic self-levelling stabilisers
- Simple** – Color coded & well-arranged control panel
- Power** – Multiple power sources for indoor and outdoor work

## Overview: LEO Series models from 23 to 36 metres working height

Model	LEO23GT	LEO25T	LEO25Tplus	LEO30T	LEO36T
<b>Working height</b>	23,00 m	25,00 m	25,20 m	30,00 m	35,50 m
<b>Outreach</b>	11,20 m	12,50 m	15,00 m	14,00 m	13,90 m
<b>Weight</b>	2990 kg	2980 kg	3760 kg	4225 kg	4850 kg
<b>Width</b>	0,98 m	1,78 m	1,58 m	1,58 m	1,58 m
