Compact tracked boom lift - LE050GTX

Accessing jobsites at height safely and efficiently often poses unsolvable challenges to building managers. Narrow entrances, confined work areas and floor load restrictions can make the use of standard aerial lifts impossible.

With the LEO Series[®], Teupen offers the original tracked aerial lift in a complete range for demanding indoor and rugged outdoor applications from 13 to outstanding 50 metres working height.

LEOSERIES

LE50GTX

On the powerful track drive the LE050GTX can be manoeuvred on delicate floor types as well as in rough terrain. It even allows the machine climb steep slopes and stairs.

The LE050GTX can be easily and precisely manoeuvred through doorways, narrow alleys or around obstacles.
